# Luca's Random Text Generator

Use text, numbers and symbols creatively in order to produce styled Motion Graphics in seconds.

Random Text is a new free generator compatible with FCP X, FCP 6-7, Motion, After Effects and Premiere Pro 6. Read this pdf for a brief introduction of this brand new freebie and watch the demo.

To install the plug-in:

After downloading the plug-in drag it to Macintosh HD / Library / Application Support / Final Cut Pro System Support / Plugins folder. Finally restart Final Cut Pro and the generator should show up in the Generator's menu (Luca's Generators).
